Objective

Children will engage with the educator and the caregiver after watching "Allergist" to support comprehension of the storyline and embedded curriculum.

Story Summary

When Cora takes on the job of Allergist, she finds it difficult to learn why the Beeples are having allergic reactions. As an Allergist, Cora learns that the key to success is to get **Organized** to find the cause.

Story Takeaway Message

You can practice the Make a Chart strategy to help you **Organize**.

Organize Definition

Keep track of different information and belongings, and put them in an order that makes sense to you.

Discuss

1. What problems does Cora solve?

Potential responses:

- Cora keeps track of what the Beeples ate and where they were to figure out what's causing the “the squeakies.”
- Cora removes the pixel petunias, which were the cause of the allergic reaction, from the medical center. This stops the Beeples from having reactions.
- Cora helps her dad figure out that the new laundry detergent is the cause of his allergic reaction.

2. Why do Allergists need to get **Organized**?

3. What strategy does Cora use to help her get **Organized**?

Possible responses:

- Cora uses the Make a Chart strategy.
- Cora pauses.

Additional Questions

4. Describe a time when you might need to make a chart to get **Organized**.
5. What other strategy could Cora use to get **Organized** and find the cause of “the squeakies”?
